### TEACHER'S COMMENTS:

**T1:** Excellent and well written letter. A few sentences require minor correction and you should remember to take care with tone (this letter is to a friend and doesn't need to be too formal).

**T2:** I have given you 8s for this essay as the question is answered well, with good structure, a wide range of vocabulary and grammar and only a few errors. However, be aware that the second half of the essay contains more errors than the first. Try to write more like the first two paragraphs to ensure a high score.

**Overall a very high score: WELL DONE!**
